On Behalf Of: STUDY word means MONEY ill spent
Committee: House Committee On Climate, Energy, and
Environment
Measure, Appointment or Topic: HB4076

I oppose this bill on two pillars:

- 1) A study done by the state is just another ideology stuffer for the minority. The world is not melting and spraying chemicals in our air is not helping.
- 2) It costs money, which Kotek says we don't have
