

Submitter: Rodolfo Alejandrino

On Behalf Of:

Committee: House Committee On Health Care

Measure, Appointment or Topic: HB4074

Med-Surg level patient ratios are barely safe at 1 nurse to 4 patients. Current staffing law ensures we (registered nurses) can AT LEAST do the bare minimum without compromising patient safety. Approving HB 4074 would be taking steps backward in the progress Oregon has made in being a model state in both safe practice and supportive policy to protect it.
