Measure, Appointment or Topic: SB1578

Committee Members: I oppose SB 1578 as written. I understand the need for more housing in rural areas of Oregon. However, I do not feel that taking out farmland "anywhere" in the county to make it happen is the right way to do it. I would be okay if it was within a certain distance of the UGB. It messes with neighborly relationships due to folks living in the new houses not liking farm activities, and it messes with land values. I am not in opposition of the ADU part of the bill. Thank you for your time!
