On Behalf Of:

Committee: House Committee On Health Care

Measure, Appointment or Topic: HB4074

This measure will lead to hospitals cutting even more staff, creating even bigger shortages in medical staff. Hospitals should not be allowed to cut staff in order to improve profits period. This only helps the administration trying to get wealthy off of the backs of sick and dying Oregonians. If this passes it would be catastrophic to the well being of the citizens of this state. Get money out of politics and healthcare!
