Committee: House Committee On Health Care

Measure, Appointment or Topic: HB4074

As a med-surgeon nurse, I wholeheartedly oppose this bill. HB4074 rolls back the staffing ratios that ensure our patients stay safest, and allows hospital administration to unilaterally determine a staffing plan instead of collaborating with the staffing committee to ensure a staffing plan that is safe and effective. HB 4074 rolls back many key aspects of HB 2697 before it goes into effect in June.
