Submitter:	Norah Cook
On Behalf Of:	
Committee:	Senate Committee On Finance and Revenue
Measure, Appointment or Topic:	SB1586

I oppose Senate Bill 1586. Data centers guzzle water and drive up energy bills, without providing lasting jobs. Even allowing data centers as an accessory or part of the use of other industries is too vague.

Please don't drive up energy costs and hurt the environment by allowing more data centers to sneak into Orego
