Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB4117

Dear House Committee on Judiciary,

Thank you for the opportunity to provide testimony in support of this very important House Bill— HB 4117.

Immigrants face many challenges ant this critical time in our country. Individuals are being rounded up by ICE without a warrant, and deported without a court hearing. Many families are separated in this process. Even if they were given a chance to explain their case

In court, they often cannot afford it.

HB 4117 helps ensure that immigrants in our sanctuary state get due process, and it will help keep vulnerable children with their families.

Please vote in favor of HB 4117.

Sincerely,

Marjorie DeBuse, PhD
