Measure, Appointment or Topic: SB1563

I OPPOSE [HB 4068].

Injured parties already can sue for the damages listed in [HB 4068].

I believe, although not stated [HB 4068] targets Federal Officers who are engaged in Immigration matters.

Federal Officers have either qualified or absolute immunity from Tort.

There is a "Two-Pronged" attack by Plaintiff to gain relief against Federal Officers.

The Federal Officer(s) Defendants must have violated Plaintiff's Constitutional right(s) also the violated right(s) were decided in a "...prior court case with nearly identical facts was found unlawful."

[HB 4068] attempts an 'end-run' around absolute and qualified immunities designed to protect Federal Officers.
