

Submitter: Elizabeth Higuera

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: SB1507

I am in favor of disconnecting Oregon's tax code from the federal tax code.

What is good for the feds is not necessarily good for us.

We should make changes that benefit Oregonians

Be careful not to allow changes that benefit high income persons more than lower income persons.

Thank you,

Elizabeth Higuera
