

Submitter: Sandy Craft

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: SB1507

I am Sandy Craft, Community Development Liaison for First Step Florence, a transitional housing program for families with minor children. First Step Florence (FSF) provides a program that helps support and guide families toward self-sufficiency while providing safe/stable short term housing units. Our program is based on need, and works to prevent long term instability and homelessness. There are proposed reductions across critical housing and homelessness programs, including shelter funding, rent assistance, and housing stabilization services. I support SB 1507 as an advocate for families in need of housing and stabilization services.
