

Submitter: Sheila Thompson

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: SB1507

Please vote no or let this die in committee. We the people finally get a tax break and the legislature wants to steal it? There are several bills in this short session that have Oregon increasing or stealing our money. I implore you to vote this down. Work on Oregon spending it needs to be reined in.

Please vote no on this bill!
