

Submitter: Yvette Rosales

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: SB1507

The federal tax cuts are going to mean layoffs for myself and my colleagues as educators in higher education. It will also absolutely make community college completely unaffordable for so many Oregonians. Tuition at Portland Community College has already been raised a few times over the past several years, and the more it does, the less accessible we become. That would be completely antithetical to the purpose of community colleges. We need SB 1507.
