

Submitter: Cynthia Lepley

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: SB1507

As a classified employee working on the front lines in our schools, I strongly urge you to support and pass SB1507 to help protect critical education funding and the jobs that support students every day.

If SB1507 does not pass, our schools will be forced to operate with inadequate staffing ratios, which will significantly impact the learning environment and the quality of support our students receive. Reduced staffing means less direct assistance, fewer resources, and increased strain on both students and educators.

Our students are the future of our communities and our society. Investing in them is not optional — it is essential. I respectfully ask that you prioritize our schools, our students, and the professionals who serve them by voting in favor of SB1507.

Thank you for your consideration.
