

Submitter: Dan Talbott

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: SB1507

As a classified employee in the Transportation department of Hillsboro School District, I urge you to vote in favor of this bill. Every day I drive students from home to school and from school to home I see the necessity of a well-funded education system. These students are our only hope for a better future. Would you rather make things better for you, or better for your grandchildren's grandchildren? We elected you to do what we say. I say vote yes to this. Vote yes.
