Re: Support for SB 1507

Chair Nathanson, Vice-Chairs Walters and Reschke, and members of the committee....

Essential state and federal services that millions of Oregonians rely on are at risk of severe funding cuts due to H.R. 1 and the Trump Administration's agenda. While Oregon faces the loss of billions in federal funds, the wealthiest earners and out-of-state corporations stand to gain massive tax breaks. This is unacceptable for our state and its people.

If we do not decouple from these federal tax codes, Oregon will be forced to make devastating cuts to essential services that millions rely on. Without action, the impacts will be severe: Employment-Related Day Care will run out of money by January 2027 unless the current legislature fills its \$88 million shortfall; food banks will be overwhelmed as federal SNAP funds are withdrawn, leaving critical gaps in food security; hundreds of thousands of Oregonians stand to lose health care coverage due to the largest funding cut in Medicaid/Oregon Health Plan history. These are just a few examples of what's at risk if we remain bound to a federal system that prioritizes tax breaks for the wealthy over the well-being of our communities.

When I had my child I was a nurse, and my employer would not allow me to work part time, so I had to work full time and seek out childcare. I could not afford it, even while making around \$30/hr as a nurse, which is more than many people are making now. I ended up finding two church-based childcare options eventually: First, a YMCA childcare in his infancy, then later a pre-K childcare in a Lutheran church. They were both affordable, but we were not religious, so it felt a little uncomfortable — like I had imposter syndrome — to be using a religious institution for childcare.

Thank you,
Cristin McQueen
