

Submitter: Stacey Holeman

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: SB1507

During the January Legislative Days, state lawmakers discussed strategies to make up for some of the shortfalls in funding due to cuts by the federal government. One potentially important avenue being explored is to “disconnect” Oregon’s tax rate from the federal rate that gives multi-national corporations substantial loopholes. Doing so would make these wealthy corporations pay their fair share here in Oregon. This bill with the -3 and -7 amendments is a good start.

SB 1507 will help Oregonians. YES ON SB 1507!!!
