I OPPOSE [HCR 202].

[HCR 202] is a goofy attempt to remake the Bing Crosby/Bob Hope classic movie, "The Road to Utopia."

Looks like to me [HCR 202] is a result of Oregon dropping its 'Sanctuary State' pants down and are receiving a long-overdue, righteous and painful paddling on their seditious buttocks by the Federal Government.

Who would have ever thought Oregon was so damn dumb to provide free Health Care and other benefits like Housing, free education, first-time homebuyer down payment programs, get-out of jail and not face deportation to Illegal Aliens?

[HCR 202] is just another veiled attempt at Universal Health Care which Oregon cannot afford by [2033] or any time in this century due to a myriad of reasons, chief amongst them is unbridled spending beyond its' means to support the ' Welfare State.'

Personally, I am impressed [HCR 202] references and warns the taxpayers of impending doom to the GENERAL FUND resulting from revenue claw backs by the Federal Government.

You think it's going to get bad now, just wait until the Federal Government audits Oregon's 'Diversity, Equity and Inclusion (DEI)' discriminatory practices. For starters, the Feds will, 'bend you over a log and make you squeal like a pig.'

Mr. Oregon Concurr and says, "Audits for fraudulent use of Federal money? Now, that's bringing home the bacon."
