SJR201

I oppose SJR201. The Oregon government needs to function with the money they already get. This overreach of government needs to stop. We are taxed, over regulated on everything. The fires could be drastically reduced if they let the timber industry manage the forest like they use too. It's more mismanagement of our resources of Oregon. The schools already receive BILLIONS. Our schools have done nothing but decline. Total mismanagement of the funds they already receive. Leave our kicker alone. The people of Oregon have been struggling and getting worse by the day. The Oregon government needs to stop TAXING the people of Oregon.
