

Submitter: Matthew Kinneer

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: SB1507

I work for Hillsboro School district and directly see & experience the impacts of budget cuts to our student population. This year's cuts were painful enough and the prospect of further cuts is painful to contemplate. I kindly and urgently ask you to pass SB1507 to avoid further job losses & cuts in spending that will negatively impact the future of our children and our state.
