

Submitter: Matthew Tippett-Vannini  
On Behalf Of:  
Committee: House Committee On Revenue  
Measure, Appointment or Topic: SB1507

Dear Legislators,

The changes to the Federal tax code represent a massive transfer of wealth from working and middle class Americans to the wealthy.

Decoupling our tax code would simply restore the tax code we had as of July 2025, considering this a "new" tax is disingenuous and false.

If anything, this current bill does not do enough to close the loopholes created by HR 1, the fact we still stand to lose hundreds of millions of dollars in revenue that would have gone to educating, feeding, and providing healthcare to Oregonians is deeply upsetting.

Please don't cut essential programs in health, education, food assistance to subsidize the wealthy.

Thank you for your time and I hope you will make the right decision,

Matt Tippett-Vannini
