On Behalf Of: HB 4028
Committee: Senate Committee On Health Care
Measure, Appointment or Topic: HB4028

My name is Susan Evans, and I'm a clinical psychologist working in solo practice in Portland. I'm writing to ask you to prioritize and support HB 4028.

The threat of insurance audits haunts me as a solo practitioner and as such, I have greatly limited my work with insurance. The horror stories I've witnessed as well as the lack of reasonableness, and adversarial positions taken by insurance audits has resulted in me not doing the work I love doing with underserved populations.

Please even the playing field, by passing HB4028. This will increase fairness as well as access to Oregon's citizens.
