

Submitter: annie capestany

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4088

As the federal government gets more and more authoritarian and fascist, we have to do everything possible to protect our rights. Please vote YES on this bill and protect our right to privacy and to gender affirming care. I have a trans child and i have seen the lifesaving impact of gender affirming care. I also have a female child and want them to have all reproductive care choices available to them. Protect lives by protecting privacy.
