Measure, Appointment or Topic: HB4143

You guys are kidding me, right? No joke, the Governor wants to allow random agencies to withhold my income in punishment for federal monies being withheld? Does the Governor realize that there is no such thing as federal money? It's all my money!

Let's take another tack, the Governor wants to allow agencies, non elected, to withhold hard earned income from citizens. At the same time she is doing everything to dis-allow 250,000 citizens from reclaiming or preventing their income from being confiscated.

C'mon Man, this woman has gone off the rails while crossing a trestle and she's going to drag a whole string of democrat cars with her on her way down. If it weren't so serious it would be entertaining.

Oppose HB 4143 loudly and confidently.
