Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4114

I urge you to support HB 4114, which allows individuals to sue federal or out-of-state agents for unlawful searches and seizures. By creating a path for legal recourse, this bill protects Fourth Amendment rights and holds agents accountable for their actions. This legislation is a vital step in deterring overreach and upholding the U.S. Constitution.

Respectfully,  
Linda Fields
