

Submitter: Mark Spofford

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4114

I strongly support passage of this bill. Court issued warrants for all residents are needed to enter property where there is a reasonable expectation of privacy, including homes, cars, institutes of learning (schools, colleges, universities), places of worship, and health care systems. . We must uphold this requirement when agents of other states or the federal government are at work in Oregon.
