

Submitter: Robin Williams

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4114

I strongly support this bill. ICE agents regularly break the law by entering homes of immigrants without a legal warrant . This bill uses common sense. When the rights of the people of this state have been violated, whether they are legally here or not, they have the right of redress for their losses. This bill creates a mechanism to do that.
