

Submitter: Linda C Vick

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4143

I support the passing of HB 4143 and urge all committee members to vote yes. This bill is a common sense approach to mitigate the financial harm caused by out of control Federal attempts to intimidate Oregon and other states to capitulate to Trump's vindictive retribution for not voting for him. It is a reasonable approach to funding the programs and services already authorized by Congress for Oregon.

Thank you for your service to Oregon.
