Measure, Appointment or Topic: HB4143

I feel HB 4143 is one of the most important bills being submitted for this legislative session. The federal government is illegally withholding Congressionally-approved funds owed to the state of Oregon. These funds primarily support those most vulnerable in our state, such as SNAP and Medicaid recipients. This is unconscionable. Oregon's only logical response to this cruel maneuver is to withhold corresponding funds from the federal government, which is exactly what this bill does. I am proud of our legislative leaders who have stepped up to submit such a bold measure, and I strongly support it.
