

Submitter: B Tobias
On Behalf Of: OK THROUGH KINDERGARTEN ONLY
Committee: House Committee On Education
Measure, Appointment or Topic: SB1596

Learning by playing style is fine for kindergarten, but definitely not appropriate for a 3-5th grader, who should be reading, writing and doing math by then. This will ensure that Oregon drops to the very bottom of the 50 state list of students who cannot read, write spell, do basic math. A great way to further destroy our students, Way to Go!

THIS BILL IS EMBARRASSING, due to the extension through grade 5, this needs to be changed before moving forward.
