

Submitter: Tonya Buzzard

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4114

Why are we spending time and money on a bill like this. Oh yeah, orange man bad. Federal law already covers what federal law enforcement can and cannot do. We need to stop fighting against the federal government start doing things to make our state a better place to live...like supporting businesses instead of driving them out of state. I am a lifelong citizen of this great state and this bill is an embarrassment
