Co-Chair Helm, Co-Chair Owens, Vice-Chair McDonald, and members of the committee,

My name is Audrey Love. I am originally from Roseburg, Oregon and I am writing to you today in strong support of SB 1590.

I have always enjoyed living in close proximity to the outdoors which supports my livelihood in various ways. Growing up I spent my summers swimming in the Umpqua River and I enjoyed the fresh food my family provided through hunting and fishing in the state of Oregon. I ran cross country at Eastern Oregon University in La Grande, OR and spent much of my time running on trails that are public land.

I currently reside in Gresham, OR and as an adult the access we have to public lands continues to play a central role in my life. I have benefitted from the nourishing food my boyfriend has provided through his passion for hunting, fishing and the access we have to the great outdoors in the State of Oregon.

It is important to me that I am able to continue to maintain access to running trails, swimming in rivers, and to continue my own journey learning to fish on public lands. Through SB 1590 we can keep lands accessible for the activities that we all love in the state of Oregon.

Sincerely,
Audrey Love
