

Submitter: Luci Longoria

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4111

Dear Senate Committee on Judiciary, I encourage you to pass HB 4111, which changes the definition of “profiling” to include immigration status and requires that data about a party's or a witness's immigration status may not be used in a civil case, and makes it unlawful for employers to punish employees for taking certain actions after a lawful change in their work authorization documents. Thank you for your consideration.
