

Submitter: Scott Shurtleff

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4143

For my part, I don't pay organizations who don't deliver on the products or services that they're supposed to provide. Why on earth would Oregon taxpayers want to send their precious tax dollars to a federal government that doesn't deliver the associated services?

HB 4143 A is financially responsible and just plain common sense. Put the monies in escrow and use the earnings to fund services to Oregonians. It's a creative solution to program underfunding caused by the federal executive branch's attacks on Congressionally-approved programs.

HB 4143 A is a win-win for Oregonians. Please advance HB 4143 A with a "do pass" recommendation.
