

Submitter: S C Cobb
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: HB4088

Dear Oregon House Representatives,

Federal actions have resulted in the closure of some health care services reducing availability of care. This leads to canceled appointments, canceled treatments, and instances where patients have had to travel to other states for medical care (if they could afford to do so).

Let's protect Oregon's health care providers and their patients. Please, vote yes to Pass HB4088. Thank you.
