Committee: House Committee On Housing and Homelessness  
Measure, Appointment or Topic: SB1551

Not sure how we got to point of putting up barriers within HOA's which prevent reducing wildfires, but good idea to remove them. Anything we can do to assist homeowners in making their homes "more fireproof", is a good idea and should always be allowed. This will help minimize insurance increases due to fires..... just look at what happened to our insurance rates in Oregon, after the Newsom Fire Debacle in California last year. They took at 25% increase, so fires anywhere can increase our rates. Let's help each other by passing this bill.
