Measure, Appointment or Topic: HB4111

The more I see what you in the Legislature are doing, the more I can see that you really dont care about the generational citizens who make up Oregon. The ones who have been longtime taxpayers, the ones who contribute to your coffers for you to use against their will by allowing illegal immigrants to benefit from the system that we pay for. It is no wonder we have one of the highest costs of living in the nation, because of Oregons sanctuary state policy and your over-taxing, over-regulating bills you constantly push out. Mine and a very large majority of Oregonians want to know, when will you put as much care into the citizens who live here as much as you do for immigrants. Possibly, you need the immigrants as voters as you are losing your base.
