On Behalf Of: No forced vaccination
Committee: House Committee On Health Care
Measure, Appointment or Topic: SB1598

This bill would give power to bureaucrats who are in Healthcare. Undoubtedly many are supporting democrats and their agenda. Will this bill make mandatory the vaccination of kids, even if their family does not want the vaccination? Why? Why force families to get your prescribed "medical" care. How about we leave this up to the family's doctor and not "Healthcare services" who will do as you direct them to do.

You democrats just push more bills to control the population to your ideologies. You are not helping with these type of bills. You should go talk to regular citizens who are not in your echo chamber. You've lost touch with citizens and it shows.
