I oppose this measure. My primary reason is that I object to any bill being "declared an emergency". The citizens of Oregon must be allowed a voice. If we disagree, we should be allowed the use of Referendums.

I also oppose this measure because it doesn't protect us as citizens and law-abiding residents. Federal Law trumps state law. This bill clearly targets immigration issues. I wholly support removing a person who does not have visa, work permit, etc. or other proof of lawful entry and/or residence. So many criminals have entered illegally and caused great harm to citizens and law-abiding residents. I want to see a strong working partnership with Federal Immigration people. Other Federal law enforcement as well, but this bill seems to focus on protecting illegals. I hate that we are a "sanctuary state". I welcome immigrants who come legally and become lawful citizens.

In the purported potential unlawful entry, if warrantless entries were to happen, I think our current system affords remediation to the impacted person(s). This bill goes too far in opposing cooperation. And depriving the people of a voice by declaring an "emergency". Pooh Bah! VOTE NO!
