This is crazy! The governor and her agencies cannot balance their budgets. She/They do not respect Federal laws and processes and as a direct result of not complying, have caused the Feds to withhold funds normally directed to Oregon. I've doubted her lucidity very often lately, but this plan to withhold monies due to the Federal government might gain respect or support for her divergent views is nuts. The nicest word I can think of is, "naive". "Thoughtless", "dumb", "petulant", "power-hungry", "inconsiderate", "stupid" and "ludicrous" come to mind. So does "Rebellion". Does she want to withdraw from the Union? To think legislators would even consider approving this bill makes me doubt a good number of you think clearly, either. In the 38 years I've lived in Oregon the economy has gotten worse and worse. This bill will tear what's left of the economy to shreds. It is time for you all to concentrate on making this state BETTER for Oregonians. That starts with cooperation and Federal support. VOTE NO on HB 4143. Thank you.
