Looks like I am # 299 th in a line of testimony to HB 4114.

Most fascinating is it has a lot of support in testimony... but nothing like the opposition ratio to SB 1599 that the Majority in legislature want to pass in straight party line vote. (appears 95% oppose that bill, with near 5,000 testimony's).

How is it so many people can be organized to riot in the streets and yet HB 4114 can't achieve 5,000 testimony, yet discerning citizens know Democrat Legislators will support HB 4114.

If Federal Law Trump's State law, and Federal enforcement has the obligation to secure our Borders... HB 4114 looks like a foolish act of a Legislature ,in a State citizens and business is leaving.

I'd ask for you to kill HB 4114, before you kill Oregon with such unreasonable legislation.
