

Submitter: D Torres
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: HB4088

I STRONGLY OPPOSE HB 4088!

Please DO NOT PASS this bill! "Gender affirming care" IS NOT healthcare! No parent should be blindsided by any form of legislation in this state preventing them from being a parent to CHILDREN who are not capable of making such irreversible decisions in their lives!

This bill would cause enormous harm to children! It grants protections to pediatric medical transition which is far beyond those of any other medical service. These practices need scrutiny and liability!

This insane piece of legislation would limit a parent's ability to obtain their own child's medical records if they believe their child is being harmed and deny children harmed by medical transition an opportunity to seek justice.

This piece of legislation has no place in our government. Shame on whoever wrote it!

VOTE NO on HB 4088!
