HB4143

YET ANOTHER BILL I STRONGLY OPPOSE!

Are none of you paying attention to the people of this state? Do you even care that businesses and people are leaving? Where are you going to get your tax dollars when no one but illegals live here? Have you seen any of the other cities in this country with this type of representative body flourishing? There is a reason for that. There is a reason the Chicago Bears are leaving Chicago. There is a reason the Portland Trail Blazers want to leave Portland. IT IS BECAUSE OF PEOPLE LIKE YOU WHO WRITE BILLS TO DESTROY THIS STATE!

Enough is enough. The people and business in this state deserve better. It's time you either step down or begin representing the people and focusing on LEGAL CITIZENS and stop trying to thwart the federal government. Your job is to represent, not destroy this state.

You all need voted out of office if you pass any of this crap.

NO to HB 4143!
