HB4079

I OPPOSE HB 4079.

Please do not pass this bill. In a state that is FAILING our children, this legislative body wants to create a law that continues that trajectory?

I find this absolutely incredible that anyone would want to support such insane policy. It's time this legislation focus on crafting policy that focuses on benefiting legal Oregon citizens and their children in this state.

ENOUGH IS ENOUGH!

NO to HB 4079.
