or Topic: HB4091

I OPPOSE HB 4091.

Here is yet ANOTHER bill that tries to thwart the federal government. Really?

Did the person who wrote this trash know that the President can order the Military, the Oregon National Guard or any and all states to put this state into submission?

Those that choose to inhibit the Federal processing used to export ILLEGAL ALIENS need to go to jail and face fines period.

It's time this legislative body focuses on real policy that benefits the legal citizens of this state and the industry that are all leaving because of insane policies that cause us harm. The roles need reversed here... where any legislator creating policies of illegal action go to jail and face fines that hurt their wallets and not ours.

NO to HB 4091.
