

Submitter: Mary Maley

On Behalf Of:

Committee: House Committee On Health Care

Measure, Appointment or Topic: SB1598

Please oppose SB1598, because it hands over too much power to the Public Health Officer, who would be empowered to require vaccines based on recommendations of groups that are heavily influenced by the pharmaceutical industry--groups such as the American Academy of Pediatrics. Spending decisions of this magnitude, affecting every Oregon tax payer, should be made by the legislature, not a single unelected bureaucrat.
