

Submitter: Joel Schauer

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1586

We need to stop giving away tax breaks for "advanced manufacturing" data centers. They employ almost no one and their equipment will be replaced every few years renewing their tax break status. There will be no increased income taxes collected to be replace the lost property taxes. Our schools will fall further into underfunded status and our futures will be given away to the AI data centers.
