

Submitter: Randal Flaming

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4114

This is a bad bill that will only impede our local law enforcement agencies from doing their job of keeping us all safe from criminals. The first priority of government should be to protect its citizens from crime. Crime is a serious issue in Oregon and the government of this state has done very little to try to eliminate it. All this bill does is to send virtue signaling that you are opposed to our duly elected president and it does nothing to protect the people. In fact, it will make crime more prevalent. Please vote down this bill.
