

Submitter: L Cogan

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: SB1538

Members of the House Committee on Education:

I am writing to express my support for SB 1538. All students deserve equal opportunities for education, regardless of their immigration status. Whether citizens or not, these children are here now and need opportunities to learn and be treated fairly. Schools should not be allowed to discriminate in their programs based on immigration status. Please support SB 1538. Thank you.
