

Submitter: Elizabeth Turner

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4143

The measure violates Federal Law. The Democrats have led us into a situation that the Federal government can step in and file charges against those who have violated the Supremacy Clause and the insurrection act.

This bill makes ever YEA voter guilty of Fundamental Error.

Sickening situation to see arrogance against the Federal government. You will be held accountable. Congrats. Glad every single one of you must vote.
