On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4143

SO MUCH FOR RULES... (committee) :)

This HB 4143 looks to be the same rebellion as the Southern Slave States before the Civil War :(

Sanctuary State... is defiance of Federal law (how did that work out for the South ?
I can't see this in any other light.

Oregon's Elected Democrats in defiance of Federal laws seek to redirect traditional revenues to Federal Government to be

Repurposed outside of Oregon General fund... to be used at the will of the Governor, AG and State Treasurer.

This defiant behavior against Federal Laws will serve Oregon no better now than the Southern uprising.

Kill HB 4143... honor Federal Laws, and stop the exploitation of Illegals (many held in slave camps to provide cheap labor often, untaxed).
